Section 4 of the South Carolina Instructional Materials Contract states:

"Upon failure to supply the central depository with a sufficient number of instructional materials to promptly fill all orders received from the Board, any school district, or agency approved by the Board, the vendor agrees to pay to the State Treasury for the use of the instructional materials fund, liquidated damages in the amount equal to 5% of the contract price of the late order for each initial late order; and 10% of the contract price of each subsequent late order until stock is replenished. The damage period begins fifteen calendar days after the date the unfilled order is delivered to the central depository, unless the order designates a later date for delivery, at which time the damage period begins."
